Term 1:
- Weeks 1 and 2: Honesty
- Weeks 7 and 8: Honesty

In terms 1 and 2, the bounce back program will focus on Core Values. The program will run as follows:

Keep things in perspective. It's only a part of your life.
Accept what can’t be changed (let it go) to change what you can change first.

No one is perfect.
Everyone experiences sadness, failure, rejection, and struggle sometimes, not just you.

Everything happens for a reason.
Bad things don’t last. Things always get better. Stay optimistic!

Keep moving forward.
Never give up. You’re only as strong as you think you are, not just the situation.

You are a normal part of life. Try not to personalize them.

**Bounce Back** stands for:

- To build the student’s resilience.
- To implement the bounce back program.
- To provide a rubric that helps encourage and reflect on students’ work.
- To enhance our student’s sense of belonging and well-being.
- To improve the physical environment.
